Winston Collection - HARTEY & TISSIER

When we founded **Hartley & Tissier** in 1995, little did we anticipate the success that our fusion of **French design** and traditional **English craftsmanship** would achieve. Swiftly gaining renown across Europe, our signature lies in the design, production, and installation of flatwoven rugs and durable wool carpets that embody both style and longevity.

Hartley & Tissier proudly presents three distinctive products: **Flatweave carpets, hand-tufted rugs, and bespoke carpets** crafted using the Axminster technique. Our growth has been marked by the continuous expansion of our product range, with the introduction of a multitude of colors and patterns to our extensive stock.

Andrew Hartley
Managing Director

Stephanie Tissier
Design Director

Our exceptional quality and sustained business growth led to the prestigious honor of receiving the *Queen's Award for Enterprise* in 2015.

Queen's Award for enterprise - 2015

The production of our carpets is meticulously carried out in England by skilled craftspeople and technicians. While many of our ranges are crafted using traditional methods and weaving looms, we possess the versatility to seamlessly integrate the latest production technology when the project demands it.

Our commitment to excellence extends to the selection of materials. For instance, our durable flatweave carpets are exclusively crafted from heavyweight woollen yarn spun in Yorkshire
